OBJECTIVE

Product-focused UX/UI Designer with experience designing web and mobile products across transportation, service booking, and vendor management domains. Skilled in user flows, wireframing, prototyping, design systems, and transforming complex requirements into intuitive user-centered experiences.

EXPERIENCE

Product Designer / UX/UI Designer Jan 2025 - Present
Iproximus *Remote*

- Designed web and mobile experiences for TaskTitans and Ztyle, focusing on vendor management, appointment booking, scheduling, and service management workflows.
- Created user flows, wireframes, prototypes, and high-fidelity interfaces that simplified complex workflows and improved usability across multiple user roles.
- Collaborated with stakeholders and developers to translate business requirements into intuitive, responsive, and scalable digital products.

PROJECTS

HouseConnect - Property Management Platform. Jan 2026 - Present
Working on a property management platform that centralizes property, tenant, payment, and maintenance management. Driving the design of dashboards and operational workflows to help landlords manage rental portfolios more efficiently.

Ztyle – Salon Booking Platform. Jan 2025 - Jan 2026
Designed a salon booking experience that enables customers to schedule appointments, select preferred stylists, and manage bookings seamlessly. Crafted service discovery and booking workflows that reduce waiting time and enhance customer convenience.

TaskTitans – Vendor Management Platform. Jan 2025 - Jan 2026
Designed a vendor marketplace experience that helps homeowners discover, compare, and book trusted service providers for home-related services. Created workflows that simplify vendor selection, service requests, and appointment coordination.
